The figure is a horizontal dot plot with a light gray background and white grid lines. The x-axis is labeled 'Time of Day' and has major tick marks at 02, 06, 10, 14, 18, and 22. The y-axis is labeled 'Date' and has a single tick mark for '2020-11-23'. There are five distinct groups of data points, each represented by a different color: red, olive, green, blue, and purple. The red group is clustered around 06:30, the olive group around 11:00, the green group around 13:00, the blue group around 15:00, and the purple group around 20:00. Each group consists of multiple overlapping dots, indicating a distribution of values within that category.
